- **1000 TT or more**
- **Bachelor's degree.**
- **must be able to read and understand Spanish to pass an open book Panamanian Regulations Test.**

Preferred qualifications are:

- **One year Contract.**
- **Right to work in Panama.**
- **MEI.**
- **100 hours min. Seneca II.**

Flight Instructors are responsible for delivering quality, professional flight instruction in a CFR 141 environment using a detailed training syllabus. Teaching responsibilities consist of flight related courses such as private, instrument, commercial and multi-engine, CFI/CFII ground schools and aviation safety. Flight instructors determine the student's proficiency and report back to the management on their progression. In addition, all flight instructors are responsible for the safe operation of aircraft in which flight instruction is being given.

Employment is contingent upon passing a pre-employment drug screen, criminal background investigation and our standardization program.

Join the FIT family and start your aviation career today!
